

A large grid of 20 rows and 100 columns of small, slanted, black-and-white repeating patterns, resembling a dense, textured surface. Each cell in the grid contains a small, slanted, black-and-white repeating pattern, creating a dense, textured surface. The patterns are consistent across the entire grid, suggesting a uniform material or a highly regular, repeating structure. The overall effect is one of a vast, uniform field of intricate, repeating details.
